

I listen to K-LOVE every morning on my way to work and every afternoon on my way home. Its positive, encouraging music and radio personalities help me be mindful of my interaction with people that I come in contact with throughout the day. K-LOVE announces free, open to the community activities going on in and around my city such as concerts, conferences and other events for the whole family to enjoy. I enjoy K-LOVE so much that I have pledged to be a monthly supporter so that it will be able to stay on the air to continue to beoacast good, positive, encouraging music and messages for everybody.
